## REID SIDELINGER '34 GROWS BEST BEARD IN CAMPUS CONTEST

### Hoby Chase Takes Second as Dark Horse Wins. Dick Gaffney Third

A half smoked cigar was the only thing lacking to make the winner of the "Campus" beard-growing contest a full fledged politician of the early '90's, when he appeared at the Book Store Friday afternoon for the judging of the contest. It was Reid Sidelinger '34, intramural wrestling winner of last year, who won the first prize after much deliberation on the part of the judges.

Sidelinger apparently was a dark horse, and had kept himself pretty well secluded in the darkness of Hungry Hollow, with the result that Hobart Chase '33 was favored to win the contest. According to the judges Sidelinger "won by a hair." Dick Gaffney '35 came in for honorable mention, and had a good looking tonsorial growth on the lower part of his face.

It was at 2:30 that the judging was to take place, and when the old ship's clock tinkled off four bells the crowd began to gather on the scene looking for the bearded lads, most of whom showed up after the greater part of the crowd had gathered. Then judges Wilson, Hallgren, and Webb dug out their instruments of torture and announced that all was in readiness for the great event.

The motion picture industry was on the campus ready to satisfy the curiosity of the world so the lads lined up on the steps of Lord Hall. Then, each with a coed on his arm, the House of David aspirants marched from Lord Hall to the west entrance of Fernald Hall, where the judging was to take place.

The crowd cheered, and the cameras ground as each of the contestants trotted up the steps of Fernald Hall where Swen Hallgren applied his ice-tongs to the beards and the other two judges proceeded with minute inspections of beards. That was the first elimination, and the judges sent the most eligible men into the Book Store.

Then another and similar inspection took place, and the three winners were sent back into the Book Store, though their order of winning had not yet been decided. While the crowd outside waited with quickly freezing feet, the judges went into a huddle inside, and finally emerged with the winners. First prize, which went to Sidelinger, was a high quality razor; second prize, won by Chase, was a complete set of shaving accessories; and third prize was awarded honorable mention. The prizes for the contest were  
(Continued on Page Two)

## 19 Maine Alumni In Legislature

Nineteen alumni of the University of Maine are now serving in the 86th Maine Legislature, now in session at Augusta. This number is slightly higher than it was two years ago and is the same as it was in the Legislature of 1929.

Five of the 19 are Law School alumni. Eleven are serving their first term, two their second, three their third, two their fourth, and one the sixth.

Franz U. Burkett '196 Law, of Portland, is Speaker of the House. Harold E. Weeks, '1912 Law, of Fairfield, has served the largest number of terms, it now being his sixth experience in Legislature. Robert R. Whitten '31, of Lee, has the reputation of being one of the two youngest men of the Legislature and rated as a baby of the House and incidentally attracted considerable attention by his frankness in stating that the reason he entered politics was because he had no job.

Following are the names of the alumni serving in each of the branches of Legislature, together with the term which they are now serving: Senate: Ralph L. Cooper '03, Belfast, first; Omar L. Farnsworth '08L, Caribou, fourth; Harold E. Weeks '12L, Fairfield, sixth.

House: Franz U. Burkett '16L, Portland, third; Clifford G. Chase '04, Bangor, first; Roy L. Fernald '23, Winterport, second; Francis H. Friend '20, Skowhegan, third; Burton W. Goodwin '03, Ridgelyville, third; Roy M. Hescok '09, Monson, first; Leroy F. Hussey '19, Augusta, second; A. Russell Mace '15, Aurora, first; Hubert Nevers '23, Patten, first; Earl P. Osgood '24, Fryeburg, first; James P. Quine '16L, Bangor, first; Oscar H. Sanborn '16, Weld, first; W. J. Sargent '00L, Brewer, fourth; Oliver O. Stover '09, Pownall, first; George J. Wentworth '11, Kennebunk Beach, first; Robert R. Whitten '31, Lee, first.

## Plans Farmers' Week

PROFESSOR MAURICE D. JONES

## FARM, HOME WEEK SET FOR MAR. 20-27

### Lectures and Demonstrations Are Part of Program For Convention

Farm and Home Week, held annually since 1907 at the University of Maine, and in late years attracting over 1300 visitors, will be held this year on March 27-30, it was announced this week by Dr. Leon S. Merrill, dean of the College of Agriculture.

The committee responsible for the 1933 program is as follows: Chairman, Maurice D. Jones, professor of agricultural economics; A. L. Deering, director of the Extension Service; L. M. Dorsey, professor of dairy husbandry; and Pearl S. Greene, head of the home economics department.

A program of lectures, demonstrations, and other features has been arranged to assist farmers and home makers in meeting problems of the present time. Thirteen organizations in Maine are cooperating with the committee in organizing the program.

## Mid-Winter Ball Band Announced

Nate Gold and His Commanders have been selected by the Intramural Ball committee as the orchestra for the Mid-Winter Ball, which is to take place on the evening of February 21, according to an announcement made this week by Jack Leddy, chairman of the committee. The orchestra is considered one of the best dance bands in New England, and has made an enviable reputation through its performances on college campuses.

The innovation in this year's ball is the selection of a Queen, which will be done by a secret committee on the night of the ball rather than by a vote of those present

## Campus Calendar

- Friday, February 10**  
4:15 P.M. Address by Sunder L. Joslin, Alumni Hall  
8:00 P.M. Maples Stag Dance, Alumni Gym  
7:00 P.M. Basketball Team A vs. Rumford, Armory Gym  
8:00 P.M. Basketball Team B vs. Crosby High
- Saturday, February 11**  
7:00 P.M. Basketball Team A vs. M.C.I.
- Monday, February 13**  
2:25 P.M. Prone Pressure Method demonstrations begin, Alumni Gym  
7:30 P.M. Maine vs. Bates in radio debate over WLBZ
- Tuesday, February 14**  
Valentine's Day  
1:00 P.M. Freshman meeting, Campus office  
7:00 P.M. Basketball Team A vs. Ricker, Armory Gym  
University of Maine vs. N. Y. U. debating team  
6:45 P.M. Student Senate meeting, 24 Rogers Hall
- Wednesday, February 15**  
9:30 A.M. Assembly Speaker, Dr. Annie J. Cannon  
Subject: "The Astronomer's Exploration," Alumni Hall  
5:00 P.M. Fraternity Pledging begins  
7:00 P.M. Campus news broadcast, Station WLBZ

## DORMITORY BOARD CUT \$1 PER WEEK BY TRUSTEE ORDER

### Move Made To Aid Students By Meeting Reduced Family Incomes

President H. S. Boardman announced last week that the board of trustees at their last meeting had authorized a one dollar a week cut in board charges at all University dormitories, and that this cut would go into effect with the beginning of the second semester. The board this year has been \$6.50 a week, with a charge of \$2.50 a week for room in the various dormitories. The cut in board will reduce the total cost per week of room and board here to eight dollars, which is one dollar and fifty cents less than the rate last year.

This reduction by the board of trustees for men and women students of the University is being made, according to President Boardman, to meet, or help meet, the reduced budgets of the parents of the students and as a gesture toward making it as easy as possible for students of the institution.

The reduced rates will apply at all boys' dormitories and girls' dormitories, which include: Mt. Vernon Hall, The Maples, Balentine Hall, Colvin Hall, Oak Hall, and Hannibal Hamlin Hall.

## Bill Is Introduced To Abolish Tuition

### For Maine Residents. Would Mean \$180,000 Loss To University

A bill to abolish tuition to residents of Maine was introduced in the State Legislature on Tuesday of this week, and was vigorously opposed by Commissioner of Education Bertram E. Packard. The bill proposes to abolish the tuition without a corresponding increase in the University's income through other sources. It has been estimated that such a bill would mean a drop of \$180,000 in the University's income. The measure was introduced on Tuesday and sponsored by Representative Leathers of Hermon.

## Professor Joshi Speaks on Ghandi

The weekly assemblies were resumed this morning at nine forty-five in Alumni Hall when Professor S. L. Joshi, head of the department of Comparative Religion and Indian Philosophy at Dartmouth, gave a talk on "Mahatma Ghandi."

This noon, Professor Joshi was the guest of the Agricultural Seminar, and gave a short speech.

This afternoon at 4:15 Prof. Joshi will lecture at a special assembly in Alumni Hall. His topic will be, "The Historic Development of Cultural Traditions of India." Open to the public.

Dr. Annie J. Cannon, of the Harvard Observatory, will be the speaker next Wednesday in Alumni Hall at 9:30 A.M.  
(Continued on Page Three)

## FRESHMEN SEARCH FOR MRS. ASHBY IN WOODS OF ORONO

### Professor's Wife Has Been Missing Since Evening Of January 27

One hundred and thirty-five freshmen and 25 sophomores of the University R.O.T.C. unit were called out in a body Tuesday morning to search for Mrs. S. R. Ashby, missing since the night of Jan. 27 from her home in Orono. No trace of her has been found as yet.

Mrs. Ashby disappeared between 7 P.M. and 9 P.M. on Jan. 27. Professor Ashby and his son had left the house at 7 o'clock to attend a Parent-Teachers' meeting. When they returned about 11 o'clock she was not there. Professor Ashby immediately called the police and a posse was organized which searched the vicinity all night. A large body of students explored the ground the next day and the search has been continuous since then.

Through the instigation of Mr. Cooper of the District Attorney's office, an organized body of students and men carefully covered the ground enclosed between Bennoch St., Forest Ave., and Stillwater Ave. Tuesday morning of this week, the students being excused from classes. This search was led by Mr. Cooper, Major

## Faculty To Return 5 P.C. of Salaries

### Action Taken Voluntarily At Semi-annual Meeting In January

In view of the fact that all state workers have had to accept salary cuts and despite the fact that they were underpaid compared with workers in other state universities and were entitled by contract to full pay to September 1, the teachers, Experiment Station employees and members of the extension service of the University of Maine voluntarily offered to return to the University five per cent of their salaries for the second half of the present year.

This offer was accepted by the Board of Trustees of the institution at their February meeting and the Treasurer of the University was authorized to deduct this percentage from each person's pay check for the next five months. The offer of the employees to return part of their salary was made at their semi-annual meeting held the last of January.

## Orono's Unemployed Will Receive Funds from Play

Members of the play production class presented "That Ferguson Family," a three-act play, in Orono Town Hall Wednesday night, for the benefit of the unemployed in Orono.

The cast included the following students: Cora Barton '33, Everett Page '33, Sylvia Eames '33, Errol Higgins '33, Ludwig Long '33, Helen Gilman '33, Prescott Ward '33, Arlene Merrill '34, Thomas Viola '33, and Helen Findlay '33.

## All Star, Many Stars In Basketball Battle

Foresters' underwear clothed the Dorm Aces and the Beta Independents as they went at each other Wednesday night between the halves of, and after, the Freshman-Waterville basketball game in the armory. When the final score had been totaled up the Dorm Aces were on the heavy end of the score and the Independents were holding the bag. It was a novel sight to see the big shots of Maine's basketball world prancing about the floor dressed in their flowing gowns, and it was a most amusing sight to see the dorm matron, Bill Wells, when he went down beneath the basket, only to come up again and go to work as he never worked before.

Hershey Perlmutter, who made a name for himself on the court in his freshman year and has never been able to live it down, went great guns for the Independents. Opposition players claim that the only offense of which he was not guilty was biting, and Swen (Tug) Hallgren, speedy player of the Dorm Aces, wanted five free shots when one of the Independents mugged up his hair.

George Cobb, the kernel of the Independents, played a most creditable game for his team, despite the fact that he was dressed in a rumble seat uniform. As soon as this story is released an uproar is expected from the Independents, who will claim they won the game, the culmination of a series, but the Dorm Aces are better debaters and will prove the winners after the clouds of the argument have drifted away.

Wells played roving center for the winners, Eddie Backer played left tackle; Swen Hallgren proved an efficient short stop; Johnny Wilson played a nice game at right wing; and Kak Aldrich wouldn't bid on a sure no-trump hand. For the independents Julius Pike was excellent at coxswain; George Cobb played an unexcelled game serving into the off court;  
(Continued on Page Two)

## SNOWBIRD DELEGATION GOES TO DARTMOUTH FOR WINTER CARNIVAL

## RESUSCITATION WILL BE DEMONSTRATED

### In Compulsory Course To Be Given Here Next Week By E. F. Noyes

Erskine P. Noyes, Director of Safety of the Central Maine Power Company, will give practical demonstrations and instruction in the prone-pressure method of resuscitation to all students and faculty members in the University during the first three days of next week, Feb. 13, 14, and 15, in Alumni gymnasium. Mr. Noyes gave similar instruction to the students in 1928, as a result of which two lives were saved by students who received the instruction.

The instruction and demonstration will be given to the students in large groups. Attendance will be compulsory for everyone and a roll call will be taken. Absences from class because of this program will be excused. The instruction periods will be fifty minutes long.

The schedule is as follows: For Men: All whose name is included in the alphabet from A to B inclusive come to Alumni gym at 1:30 P.M., Feb. 13. All who are included from C to E inclusive, come to Alumni gym on Monday, Feb. 13, at 3:20 P.M. All from F to I inclusive, Alumni gym at 8 A.M. on Tuesday, Feb. 14. From J to M inclusive, Alumni gym at 10 A.M. on Tuesday, Feb. 14. From N to Smart inclusive, Alumni gym at 1:30 P.M., Tuesday, Feb. 14. From Smith to Z inclusive, Alumni gym at 3:20 P.M. Tuesday, Feb. 14. For women: From A to K inclusive, be at Alumni at 1:30 P.M. on Wednesday, Feb. 15. From L to Z inclusive, Alumni gym at 2:25 P.M. on Wednesday, Feb. 15. Faculty: 4:15 P.M. at Alumni gym on Wednesday, Feb. 15.

Students are expected to return to their classes as soon as the instruction is over.

## 1934 'Prism' Will Be Ready In May

The 1934 Prism, yearbook published by the junior class, is rapidly rounding itself into shape, and the presses will begin rolling off the first section in the near future. Several new features will be included in this year's book, the most outstanding of which is that a picture of every student and faculty member will appear in the book, with the exception of a very few who did not report for photographing previous to the Christmas vacation.

A humor section will be included in the book, the nature of which the board will not announce. They merely made public the fact that the section will be different from what it has been in the past and that they promise that it will be not only humorous but funny.

An innovation in the fraternity section of the book will be that a photograph of the fraternity's pin will appear with the write-up of the organization. Also the names of the members of the fraternity who are members of Maine's faculty will appear in addition to the names of the active chapter.

The book will be ready for distribution during Junior Week, which takes place about the middle of May.

## Summer Session To Offer Wide Variety of Courses

The annual University of Maine Summer School session will be held this year from July 5 to August 12 inclusive, according to announcement by Dr. Roy M. Peterson, director.

Among the courses to be offered are: Latin, English, Physics, Zoology, History, Astronomy, Chemistry, Government, German, Education, Economics, Psychology, Mathematics, School Music, Public Speaking, Physical Education, and Romance Languages. The Maine Biological Station will be conducted as usual at Lamorne under Dr. D. B. Young.

The Maine Masque has chosen as its third play of the current season *Uncle Vanya* by Chekov. Tryouts for the play will be held this evening in the university chapel. *Uncle Vanya* will be presented early in March, although at present the exact date has not been set.

## To Compete with Other N.E. Colleges for Honors

Five University of Maine snowbirds, accompanied by "Win" Robbins, Coach Ted Curtis's handy man, and a former Maine winter sports athlete, left this morning for Hanover, N. H., where they are entered in the annual Dartmouth Snow and Ice Carnival. With Robbins are: Bruce Ashworth, Leif Sorensen, Horace Drummond, Don Greene, and Alton Prince.

Although the squad is unusually small, by cutting the New Hampshire delegation, Curtis intends to increase the Winter Sports team that will defend Maine's State crown at Bates, Lewiston, February 22. All of the men that are making the Dartmouth trip, however, are potential point winners, and with the exception of Prince, the snow bird mentor's freshman: snowshoe prodigy, are veterans of previous seasons. Prince and Drummond, who came in second among the East's best competition in December at Lake Placid, are entered in the distance runs, while Sorensen, Greene, and Ashworth are slated for the ski jump, slalom, and down hill ski race. Greene, in addition, will compete in the long distance ski race.

Handicapped by the lack of snow in a state where there should be plenty, the blue squad skiers have been unable to follow a regular routine of practice. Sorensen and Ashworth, both separate holders of the Maine ski-jumping championship, got a jump ahead of the weather man last week, when they convened to the snowy drifts of Aroostook, and between judging acts, put on for the entertainment of the crowd a feature exhibition of skiing. Each man consistently jumped a hundred feet, and showed unusual form. Greene, who knows his skis as well as anyone in the state, has confined himself to plotting courses through the snow, wherever he can find patches big enough to be of help.

Last year at the Dartmouth meet, the Maine athletes scored a fine third place rating among competition from eighteen colleges and universities.

## Vodvil Nite Plans Well Under Way

Plans are rapidly being completed for the annual Vodvil Nite, which will take place in Alumni Hall on the evening of February 24 under the auspices of the Maine Christian Association. Clifford Ladd '34 is chairman of the committee in charge of the event and is being aided by Charles Bunker '33, and Kenneth Foster '34.

Application blanks have been sent to the various fraternities, sororities, and dormitory groups, and should be returned today. Each group will be allowed ten minutes in which to present its act, and the best acts will be awarded cups. The cups will be placed on display at the Book Store shortly.

Following the entertainment in the auditorium of Alumni Hall a stag dance will be held in the gymnasium. The admission to the entertainment includes admission to the dance.

Vodvil Nite winners during the past few years have included Tau Epsilon Phi, Sigma Nu, and last year Sigma Alpha Epsilon, with its own presentation of "The Shooting of Dan MacGrew." Delta Delta Delta took the first prize among the sororities last year with "The Prince and the Princess," in which the costumes harked back to the days of the Round Table.

## "HEY, HEY, WESTERNER"

The Strand Theatre, Orono, will show as an added attraction to the feature picture, "TESS OF THE STORM COUNTRY," starring Janet Gaynor and Charles Farrell on Saturday, February 11, a two reel Technicolor masterpiece titled "HEY, HEY, WESTERNER," with Western locale. A peach of a short with Eddie Nugent, Mae Madison and gals that are a treat for the tired faculty and students.

Dr. Rufus M. Jones, head of the department of philosophy and psychology at Haverford College, spoke in Alumni Hall Thursday, February 2, taking as his subject "The Great Adventure of Life." Dr. Jones is widely known as a philosopher and author.

## The Maine Campus

Published Thursdays during the college year by the students of the University of Maine.

## Are We 'Smart Alecks'?

At their convention at Bryn Mawr members of the American Philosophical Association agreed that high school and college students are for the most part "Smart Alecks," according to a story by the International News Service.

Just how they construe the meaning of the term "smart Alecks" we don't know, but in any event it sounds rather uncomplimentary. Is it not possible that what they think is "smart Aleckism" is merely surplus energy being expended in an undirected manner and without any aim?

## Comparative Salaries

In view of the suggestion frequently heard in different sections of the State that salaries at the University should be cut and the apparently widespread idea that the faculty have been enjoying generous salaries, certain comparisons with other institutions are rather interesting and decidedly enlightening.

The first of the accompanying tables is taken from the recently published *Survey of Higher Education in Maine* (1931), page 405. This is based upon the academic year 1929-30. Changes in relative standing may have been made since then, but if so, they have not been in favor of the University.

AVERAGE SALARIES IN THE FOUR MAINE INSTITUTIONS OF HIGHER LEARNING, 1929-30

	Professor	Associate Professor
Bowdoin	\$5325	\$3950
Bates	3850	—
Colby	3733	3120
Maine	3740	3042
	Assistant Professor	Instructor
Bowdoin	\$3500	\$2228
Bates	2850	1980
Colby	2566	1887
Maine	2306	1802

It will be noticed that this table involves fifteen different comparisons in various ranks with the three colleges of Maine. In one of these fifteen, the University appears to an advantage, to the amount of seven dollars. In the other fourteen the University appears to a disadvantage, in amounts varying from \$1500 to \$78. It should be added that the University has fewer full professors in proportion, and many more instructors, than the three colleges; and that few instructors—only two in the Arts College—have salaries above \$1750; the median is perhaps below \$1700.

The second table involves comparisons on a wider scale throughout the United States. It would perhaps be unfair to compare our salaries with those at Harvard, Yale, and Dartmouth, though these are neighbors and competitors of ours. Accordingly, a comparison is taken from the *Survey of Land-Grant Colleges and Universities* (1930), vol. I, page 576 (abstract).

MEDIAN SALARIES IN 51 LAND-GRANT COLLEGES AND UNIVERSITIES, 1928-29

	Professor	Associate Professor
N. Atlantic	\$4195	\$3057
N. Central	4744	3512
S. Atlantic	4102	3148
S. Central	3731	3170
West	4248	3427
United States	4278	3342
Median	—	—
Average, University of Maine	3740	3042

	Assistant Professor	Instructor
N. Atlantic	\$2978	\$1991
N. Central	2858	2081
S. Atlantic	2506	2021
S. Central	2582	1965
West	2677	2073
United States	2738	2205
Median	—	—
Average, University of Maine	2306	1802

## Maine's Senatorial Delegation Is Lauded in First of 'Campus' Series

By Our Washington Correspondent

WASHINGTON, D. C.—The public galleries are filled. The galleries reserved for members of the Diplomatic Corps and the House of Representatives, usually both empty, are well filled. In the hallways outside long lines of people stand waiting to get in. The reason—the Kingfish has the floor.

It is the third day of his celebrated filibuster and young, red-headed Hoey Long, only seated in the Senate some nine months ago, is proving himself that august body's best drawing card. There he stands in a blue business suit with a wing collar, a white carnation in his buttonhole, his hair disheveled, sweat standing out on his forehead from his continued arm waving, frantic gesturing, and desk pounding. He is still discussing the branch banking clause of the Glass Banking Bill.

He lowers his voice to a mere bellow and turns toward the center of the floor where Senator Carter Glass sits listening with an amused smile.

"Let me tell the gentleman from Virginia that I know twice as much about branch banking as he does,—and I'm not complimenting myself in the least."

"Will the gentleman yield?"

"For what purpose does the distinguished gentleman from Maine ask me to yield?"

"In order that I may present the need of an early vote on the deficiency bill providing, among other things, \$625,000 for relief of the starving, homeless, and ill clothed citizens of this city."

"I refuse to yield for that purpose."

This illustration gives a perfect example of the relative methods of the two men. One spectacular and accomplishing exactly nothing for the relief of the country, the other methodically doing all possible in his quiet way to press worthwhile legislation. One a constant talker on the floor, the other an incessant worker in committee.

Another incident a few days later shows much the same thing. Senator McKellar, of Tennessee, has been following his usual procedure of holding the floor as much of the time as possible. This time it is in connection with appropriations for foreign mail contracts. He has proposed an amendment providing for the elimination of most of the money appropriated for this purpose. The debate has been hot and heavy with senator after senator trying to quiet the pompous little man.

McKellar is still raving, reading from reports, quoting figures, and citing authority for his statements as a quiet looking man wanders across the floor to the Democratic side. He is neatly dressed and bespeaks culture and good breeding in every movement. He smiles as he leans against Senator Copeland's desk and waits for the gentleman from Tennessee to unwind. Finally McKellar stops for breath.

"Will the gentleman yield?"

"I yield."

Thereupon Wallace White, Jr., in his quiet, courteous way, proceeds to give, from memory, more solid facts and figures on maritime matters than McKellar has been able to present all afternoon. When he finishes, some five minutes later, and goes to his seat, no one questions him or challenges the accuracy of his statements. Even McKellar has nothing more to say. The amendment shortly comes to a vote and is rejected.

Here is another example of the fact that while one senator may talk endlessly, saying nothing of importance, and reaps column after column of publicity, another, who is almost never reported in the press, talks infrequently but, when he does, speaks with such authority that the matter is settled and the Senate can proceed with its business.

With men like Hale and White, Maine's delegation to the United States Senate is on a par with any and makes many others look pretty pale around the gills.

## MAINE DEBATERS TO MEET BATES N.Y.U. AND U.N.H.

Garnet Jayvees and Maine Team To Hold Radio Debate Over WLBZ on Monday

Debaters from Bates, New York University, and New Hampshire will invade the University of Maine during the next three weeks, and three teams have been awarded the task of repulsing their separate arguments.

Monday evening Karl Hendrickson '36, and Max Fitch '36 will present the affirmative that "one-half of local and state revenues should be derived from sources other than tangible property" against the Bates Junior Varsity in a radio debate over Station WLBZ, Bangor. The debate will be conducted non-decision, but with the usual ten-minute constructive arguments, and later, rebuttals.

Roger Heder, '34, and Stanwood Searles, '34, will argue against a team from New York University, Tuesday evening, in Alumni Hall, on the proposition, "Resolved: that most advertising tends to be detrimental to the best interests of the American public," while David Brown, '36, and Ralph Copeland, '35, will meet the New Hampshire debaters Friday, February 24. Brown and Copeland will contend that "the United States should not agree to the cancellation of all inter-Alled War debts."

### CHURCH NOTICE Fellowship Church

Sunday, February 12  
10:30 Regular Worship. Dr. S. L. Joshi, Professor of Philosophy in Dartmouth College, will be the speaker, and his theme will be: "Religion and Civilization."  
6:30 to 8:15 Students' Sunday Evening Club—at the Manse (23 Bennoch St.). There will be a general discussion upon the subject: "College Education vs. Practical Experience." All students cordially invited.

### Methodist Episcopal Church and Wesley Foundation

10:30 Morning Worship. The pastor, Rev. Herman Berlew, begins a new sermon series: "The 'R's' of the Christian Religion." The subject this Sunday is "Reverence."  
7:30 The Student Forum, Henry Conklin, U. of M. of the class of '34, will speak on the subject "Those Colored Folks Lincoln Loved." The talk will be illustrated on the screen with snaps taken by Mr. Conklin while a teacher in Alabama.

Though comparisons involved here are only approximate, because of the differences between median and average figures, yet they are in general a reliable indication of the fact that University of Maine professors have been underpaid, in almost every point of contrast. Any fair estimate should also take into consideration the fact that fuel, food, clothing, and travel costs at Orono are higher than at most of the other institutions because of our climate and geographical location.

## Frosh Will Make Fateful Decision Wednesday Nite

After Wednesday night of next week it will be all over. Freshmen will get a chance to think and fraternity members will be able to get back to studying for next Wednesday at five o'clock fraternity pledging begins.

Nineteen different species of mysterious looking pledge pins will appear on the campus early Thursday morning, and more fraternity history will be in the making.

Dean J. N. Hart and Mr. Moreland of the English department visited high schools in Kennebec county from Jan. 31-Feb. 2. They talked to the students at the high schools in the following towns: Waterville, Oakland, Madison, Gardiner, Hallowell, Fairfield, Augusta, and the following prep schools: Coburn and M.C.I.

## Reid Sidelinger Grows Best Beard in Campus Contest (Continued from Page One)

given by the Book Store.

That the contest served its purpose of "providing diversion from the drudgery of final exams," is not doubted. It has been suggested that a similar contest over a longer period of time be held among the senior foresters next year, and a Portland columnist has suggested intercollegiate beard growing competition.

Other contestants whose beards were well formed, and whose efforts deserve mention as well as their courage are: Pete Weston, W. W. Flagg, Paul Langlois, Al Galbraith, and Jim Sanborn.

## All Star, Many Stars in Basketball Battle (Continued from Page One)

Hershey Perlmuter would have won the game without moving his Bishops and three pawns except for the fact that he had a royal flush; Hal Hall played a beautiful trombone solo; and Tommy Desmond rolled four strikes and three spares in six frames.

## Freshmen Search for Mrs. Ashby in Woods of Orono (Continued from Page One)

Oliver of the local R.O.T.C. unit, Dean L. S. Corbett, John Wilson, and Sam Reese. Dormitory clerk William Wells brought over a lunch about 11:30 A.M., and the posse disbanded at 12:30.

The Orono police force were diving in Sillwater stream Tuesday and Wednesday, and will continue operations as soon as the weather permits. All possible efforts have been directed towards the discovery of Mrs. Ashby.

## I BEEN THINKIN

By Senator Sully

Voteville Knight will soon be here. Last year he shot Dan McGrew and "harped back to the days when knighthood was in flower," according to my rival, "The Campus." Well, here's my vote: "Just a little home for the old folks."

And this technocracy (patronize our advertisers). Two years from hence the number of unemployed will have doubled. Hoey (15¢ at all newstands)! We want proof. I tek-no-rats.

Speaking of movies, I agree with my contemporary critic: "The Strange Inheritor" is good. However, may I warn you to be very careful of "The Isle of Lassoos." Female panthers are dangerous.

I wonder if that is the "Sign of the Cross" on Aubert lawn. Some slide-rule-slingers only miscalculated about twenty feet of power line.

We wish to announce some new courses to be given this semester: 1. Elementary Economics—From Trainboy to Boot-black, or "I Eat Shredded Wheat."

2. Elementary Psychology—The Canary Murder Case, or "Do Parrots Really Climb Trees?" (For more information on courses, see p. 33, Lost and Found Dept.)

Have you read the latest in books? It's published by Harper, Harper, & Harper (why harp on that), New York, and it's called, "Are Speeds of 200 Miles Per Hour Possible?" or, "Adventures in Space" by that speed demon, the Old Town-Bangor trolley.

And so Shakespeare says: "S'long, meetcha on the corner at eight."

## ESKIMO VILLAGE PLANNED FOR COMING STAG DANCE

If you can't find a real snowy winter outdoors this year, there is one night when you can have all the winter you want indoors. Kappa Delta Pi, education fraternity, is giving a snowball stag dance Friday, Feb. 17. The old, long-suffering gym will again be decorated. Those great green rafters will be transformed into a part of the setting for the Snowball Cabaret.

The curtain will rise on a lovely snow scene in an Eskimo village. Igloos, built of ice, snow, the kind that lasts, will be scattered about, and icicles hang from the balcony. The scene will be haunted by a pale, intense light, known otherwise as a spotlight, but here the midnight sun.

Strangest of all, the orchestra, Lew Kyer's of Bangor, huddles at one end of the hall, instruments half frozen, but just wait and watch them warm up when the crowd arrives!

Gayly colored dancers prancing up and down will melt the ice and snow. Fraternity worries will be set aside. You frantic "rushes" relax those searching eyes; and you "rushes" drown your worries at the Snowball Cabaret. It's a grand free-for-all good time for the whole university.

It will be temperate zone dancing in an arctic climate, to the rhythm of equatorial music—what a combination!

## Mid-Winter Ball Band Announced (Continued from Page One)

as was previously announced. A beautiful bronze cup standing nine inches on a base, will be awarded to the girl selected by this secret committee as the queen of the ball.

In view of the depression the committee has not only reduced the price of the tickets this year, but also recommends that those attending the ball refrain from the use of corsages. The patrons of the ball will be President and Mrs. Harold S. Boardman, Dean and Mrs. James N. Hart, and Treasurer and Mrs. Frederick S. Youngs. The chaperons will be Professor and Mrs. Stanley Wallace, and Mr. and Mrs. William Kenyon.

## The MAINE SNOOPUS

TRA LA, tra la, tra la—another semester gone and another one just as good to take its place, more money to get rid of, more arguments with the powers that be about courses, and all that sort of rot. Looks like there's even a depression in courses this time—they're reducing overweight schedules from the usual twenty or twenty-five hours to a mere twelve or fourteen hours, so that there'll be more time for what?... Oh, well, here we go, turning over a new leaf and a clean sheet.... Eleanor Grinnell has gone the way of all co-eds and is now totting Bob Thomas' Alpha Gamma Rho pin. Still, we suspected something like that all along—it's contagious.... Too bad those little Tri Deltis didn't know about late permissions Sunday nite.... "P.T." Rogers has gone in for knitting in a big way, dropping stitches here, adding them there—and all without a drop-and-add card, too. Just a mild form of athletics; but she gets a kick out of it, so there you are.... Prescott Ward has degenerated into throwing spit balls in class—just a little Peter Pan that won't grow up.... And who's the lad in the freshman dorm who has the fair Dot Davis' picture on the wall over his desk? Attention, Russ Shaw!.... Bill Bratton has won the moustache-growing contest, but we must admit that Robert McKay's efforts are beginning to bring results—he's actually getting to look like the Charlie Chaplin of yore.... Al Thayer and his arm-supporter (Lucinda Ripley) are becoming familiar campus-trotters, two more volunteers to a noble cause. Well it's almost Valentine's Day, and Cupid's getting busier and busier.... During finals, Johnny Wilson, big-shot athlete, was observed having his head ducked in the snow by a little girl whose initials might stand for "Hard-boiled." Nothing like keeping cool.... Ye sports editor has returned from a hectic week-end in Boston where, according to his spiels, he went "nuts over a girl" and neglected his writing. Do we sympathize, Bob, do we sympathize!.... "Hunky" Hallenbeck, down at Kappa Sig, has got "It"—he says it's the itch, but is it?... It has been said that the bla-bla-bla-bla-bla-bla girls of the campus are Helen Osgood, Ernestine Merrill, and Kay Small. Any omissions?... John Adams, president of the frosh, sends love letters to a French girl in Chicago—careful, Johnny, it's a wicked city.... A sight for sore eyes: Johnny Stinchfield skating to class Wednesday morning.... Where, oh where did Carl Honer get that green hat? It must require a lot of courage to wear it.... And speaking of colorful attire, we noticed that during finals, Beau Getchell donned his canary-colored tie and black shirt again—maybe that was to keep up his courage. Very fetching, my dear fellow, very fetching.... And who, oh who, was the beautiful young damsel we saw accompanying Howard (Soap) Stevens when he registered, Saturday morning?... Well, the examples of feminine pulchritude that were on the campus Friday afternoon did a nice job posing for the news reels of the whisker growing fad, but did Little Annie jump when she found she was to ankle down the alley with the winner?... Attention, Sir Boothby, why the cigars?... It won't be long now before the little pine trees come through the mails and premature vacations begin.... We nominate for this week's roll of honor, Ray Bearce, who will trudge through snow without a coat, hike up four flights of stairs and tell a person he's wanted on the telephone, without breaking study hours.... We nominate for oblivion the co-eds who wouldn't co-operate with Hollywood when the movies were being taken last Friday.... Sincerely, Snoop.

## H. P. NELSON, Ex-'35, IS MANAGING BANGOR STORE

Harold P. Nelson is now manager of the Nelson Furniture Company in Bangor. Nelson entered the University in 1931 as a pre-medical student, but was unable to return last fall on account of financial difficulties. When the Nelson Furniture Company opened a store in Bangor on November 10, he was given the position of manager. Nelson expects to return as a sophomore next year. He was a pledge of Tau Epsilon Phi.

Edna M. Cobb, Home Management Specialist for the Extension Service, will deliver a talk over station WLBZ on February 16, at twelve o'clock noon. She will speak about a state-wide kitchen improvement contest.

Professor W. L. Gilliland talked at the Wesley Foundation Student Forum Sunday evening, on the topic, "Rambling Thoughts on Religion."

Emily Thompson '33 is recovering from a serious operation at the Eastern Maine General Hospital in Bangor.

## MAINE REVIEW DESIRES STUDENT CONTRIBUTIONS

The *Maine Review* announces that it desires to receive articles from students on any subject in the fields of essay writing, short story, poetry, science, or on any topic of interest that is pertinent to campus life and activities. Manuscripts should be deposited in the Maine Review box in Alumni Hall. Anyone interested please communicate with Don Stewart, Monroe Getchell, Ken Foster, or John Bartlett.

Mr. Moreland of the English department spoke to the Maine Nurses' Association in Bangor last week Monday. His topic was "Education in the Hills of Kentucky."

Philip Pendell '35 visited in Augusta last Friday.

## Mrs. Walenta Entertains For Doctor Rufus Jones

Mrs. Walenta, the matron of Balentine Hall, entertained at dinner last Thursday evening. Dr. Rufus Jones was the guest of honor. Dean and Mrs. Muilenburg, Dean of Women Ascha Bean, Reverend and Mrs. Berlew, Mr. Laffer, and Miss Wilson, the other guests.

Dr. Rufus Jones had spoken that afternoon to the whole University and the reputation of his interesting talk on adventures at travels had spread over the campus. Balentine girls cast aside their diets and went down to dinner in order to see the distinguished visitors. Mrs. Walenta, as a gracious hostess, directed the conversation into literary and cultural channels. Each guest was widely interested, and traveled, and added his choice bit to the conversation.

## SIGMA NU ENTERTAINS WITH INFORMAL DANCE

Sigma Nu entertained Saturday night at an informal with about forty couples present. Mr. and Mrs. Moreland chaperoned, and the music for the affair was furnished by Smith Ames' orchestra.

The committee in charge of the dance included Carl Whitman, chairman; Charles Page, Howard Douglass, and George Whittin.

## EDUCATION FRATERNITY LISTENS TO GILLILAND

Describing the discovery of individual differences as one of the greatest of our time and the subsequent progress in measuring these as of far-reaching educational effect, Dr. William S. Gilliland of the Chemistry Department addressed the members of Kappa Phi Kappa on Tuesday evening. Following the talk a lengthy discussion was held by members and Dr. Gilliland concerning some of the principles and methods of education.

Preceding these features, a short business meeting was held with President Frank W. Hagan in the chair.

## PHI KAPPA CELEBRATES END OF OLD SEMESTER

Phi Kappa Fraternity celebrated the completion of the exhausting mid-years in a joyous manner last Saturday evening. Larry Miller's orchestra furnished rollicking music and approximately thirty-five couples joined heartily in breaking the tension of the preceding week.

Mr. and Mrs. W. C. Kenyon and Major and Mrs. S. S. Eberle were chaperons, while Jack Farnsworth, Jack Tompkins, and Stan Michaud were the committee in charge.

Being granted special permission, the Sophomore Eagles will have their stag dance, originally scheduled for January 13th, on Thursday, February 16th. Coeds wishing to attend the dance will be allowed to have 12 o'clock privileges.

Robert Berg '34, Campus sports editor, spent the week-end at his home in Chelsea, Mass.

## DER DEUTSCHER VEREIN INITIATES SEVEN PLEDGES

Der Deutscher Verein held its second meeting of the year Wednesday evening at 7:30 in the M.C.A. Building when seven new members were initiated into the society. They were: Robert Berg, Inez Howe, Annie MacLellan, Rudolph Morin, Dorothy Shiro, Martha Tuomi, and Abraham Stern.

After the initiation a business meeting was held followed by a brief German talk by Dr. Drummond.

## DICKENS FELLOWSHIP MEETS AT OLD TOWN

The Dickens Club of Orono held their meeting in the Methodist church of Old Town on Tuesday. This meeting took the form of a dinner which they hold annually on Dickens' birthday. A large number of guests and members were present. Following the dinner Mrs. Gordon Noyes was in charge of several pantomimes picturing scenes from *Martin Chuzzlewit*, the book which was chosen by the club for study this year.

Dr. Frederic B. Loomis, a member of the Amherst faculty, gave a talk on "The Ancestry of Cats and Dogs" Thursday noon in 11 Coburn.

## SIGMA CHI AND PHI GAM ENTERTAIN AT SMOKERS

Sigma Chi and Phi Gamma Delta fraternities were hosts to freshmen Wednesday night at their final smokers before the rushing season ends on February 15.

Bridge was played during the evening and later refreshments were served.

"Drink to the Owls, 10¢," one sign read, and countless other arrows with fitting slogans inscribed on them were part of the decorations that graced the walls for the Sophomore Owls Stag Dance, held last Friday night in Alumni Gym. Toasted sandwiches and soft drinks were served as refreshments.

Dr. Roy M. Peterson delivered an address on the evening of January 24 before the Forum of the Bar Harbor Young Women's Christian Association on the subject "Present-day Spain."

Lowell N. Weston '36 travelled to his home in Augusta on Friday.

## 1933 Football Schedule

Sept. 30 Rhode Island at Orono  
Oct. 7 Yale at New Haven  
Oct. 14 Lowell Textile at Orono  
Oct. 21 N. Hampshire at Orono  
Oct. 28 Bates at Lewiston  
Nov. 4 Colby at Waterville  
Nov. 11 Bowdoin at Orono.

At present, 3281 Maine boys and girls are enrolled in 4-H Clubs for 1933, representing a gain of 154 over the same period in 1932. L. H. Shibles, state club leader, finds in checking the records from each county. Waldo County with 570 enrollments continues in the lead; Aroostook is second with 513. The 1932 total for all counties was 6420.

Helen Gilman '33 left at the close of the semester to accept a position teaching English at Castine Normal School. She was a member of the Maine Masque.

## Professor Joshi Speaks on Ghandi (Continued from Page One)

Dr. Cannon is a noted astronomer of the United States, having cataloged more stars than any one else in the world. Dr. Cannon will talk on "Astronomers' Explorations", illustrating her lecture with lantern slides.

## STRAND THEATRE ORONO

Cut out and hang up

Friday, February 10

### "THREE ON A MATCH"

Joan Blondell, Warren William, Ann Dvorak, Bette Davis. A flaming story of three modern heart bandits out to get the same man.

Saturday, February 11

### "TESS OF THE STORM COUNTRY"

Janet Gaynor, Charles Farrell. A story that appeals to all. Sentimental, suspenseful, and filled with human interest.

Monday & Tuesday, Feb. 13 & 14

### "FLESH"

Wallace Beery, Ricardo Cortez, and Karen Morley. More human than "Min and Billy" — more thrills than "Hell Divers" — more laughs and heart throbs than "The Champ."

Wednesday & Thursday,

February 15 & 16

### "THE SON-DAUGHTER"

Helen Hayes, Ramon Novarro, Lewis Stone, and Warner Oland. Helen Hayes, voted the finest actress of the screen, triumphs again, in a great romance.

### ILLUSION:

The stage is all set for target practice. The magician lifts his bow and aims an arrow at the bull's-eye. His lovely assistant then steps in front of the target and he shoots the arrow — apparently through her — and it fixes itself in the very center of the bull's-eye! And she smiles through it all while the audience gasps.

### EXPLANATION:

The arrow which the marksman "shoots through" his assistant simply folds up into the crossbow! The arrow which is actually embedded in the target is shot by the girl herself from a belt concealed under her dress. She releases a little spring, the arrow unfolds, and shoots straight into the bull's-eye! It is all done in a flash! So quickly the eye cannot detect the girl's movements! To heighten the impression that the arrow has gone right through, the girl releases a ribbon from the front of her dress — the continuation, apparently, of the ribbon attached to the arrow in the target.

## It's fun to be fooled — ...it's more fun to KNOW

Like to see through tricks? Then let's look at another... the illusion in cigarette advertising called "Cigarettes and Your Throat."

The audience is told that by certain magic processes tobacco can be made as soothing as cough medicine.

EXPLANATION: The easiest cigarette on your throat is the cigarette that is made from the choicest ripe tobaccos. Cheap, raw tobaccos are, as you would naturally expect, harsh in their effects upon the throat.

If you have to consider your throat, the quality of the tobacco in your cigarette is important.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Camels are as non-irritating as a cigarette can be because Camels use choice, ripe, tobaccos.

And because of the matchless blending of these costlier tobaccos Camels have a rich bouquet and aroma... a cool, delicious flavor.

Keep the air-tight, welded Humidor Pack on your Camels... to assure yourself and your companions a fresh, cool smoke.

Copyright, 1933, R. J. Reemtsma Tobacco Company

# Freshman Courtmen Defeat Waterville High, 46-26

## Continue Undefeated Record When Woodbury and Doherty Run Wild over Visiting Team

A powerful frosh basketball team bowled over the diminutive Waterville High cagers by a 46-26 score Wednesday night at the Armory to bring its victory streak to five straight for the current season against no defeats. With Harold Woodbury and Albert Doherty shooting in great style, the Maine team far outclassed its Waterville opponents.

The game started off slow with Coach Kenyon's team leading 9-3 at the first quarter. In the second period the Frosh opened up its attack to assume a comfortable 20-8 lead as the first half closed. The last two periods proved to be a walkaway for Maine although LaFleur, Waterville center, kept his team in the running as he tossed in ten points to star for the visitors.

## SPORTS SPIELS

By BOB BERG

Now that the academic fathers at our institution have procured whatever knowledge we ever knew or hope to know, and the dreaded finals which gave several of us plenty of nightmares are completely forgotten, once again the various freshman and varsity athletic teams are continuing their schedules and practice sessions for the remainder of the indoor season.

Coach Jenkins is hard at work with his varsity tracksters to prepare them for the University Club Meet at Boston on February 18 in which all the four Maine colleges are entered. In last year's meet, the Pale Blue track outfit came in second place among the fourteen colleges as members of this year's team came through in fine style. Mel Means won the fifty yard dash, Al Alley copped the 16 pound shot put, Freeman Webb placed second in the pole vault, Don FAVOR garnered a third in the hammer throw, Harry Booth finished second in the two mile run, and the relay team turned in the fastest time of all the relay outfits to win first place.

Continuing to display a fast brand of basketball, Coach Kenyon's freshman

## Maine Wrestlers Meet E.M.C.S. Matmen Here

The wrestlers of Champion Sam Reese will try their headlocks, half-Nelsons, body slams, and toe-holds on foreign flesh when they engage in a "purely conditioning" wrestling meet with talent from Eastern Maine Conference Seminary at Alumni Hall February 16.

Ten matches have been arranged and in each a pair of wrestlers of as nearly equal weight and ability as possible will perform under the "barring everything" Intercollegiate Wrestling Rules. Although Coach Reese has not made it known whether or not he would be one of the contestants, it was generally acknowl-

court quintet swamped Waterville Wednesday evening to cop its fifth successive win of the current season. This weekend the frosh will tackle two hard opponents on Friday and Saturday nights when they will play hosts to Rumford and M.C.I., while Team B will battle it out with Crosby High of Belfast as part of the double-header on Friday evening. Crosby is coached by Art Lufkin, former Maine football player and assistant freshman football mentor.

ORONO

## SOPHOMORE BASKETEERS DEFEAT JUNIOR CO-EDS

The Junior girls were defeated by the Sophomores by a margin of seven points, Wednesday night in Alumni gym. The Juniors elected Helen Williams as temporary captain.

The line-up follows:

JUNIORS (20)	SOPHOMORES (27)
M. Coy, sc.....	sc. J. Chase
H. Williams, jc.....	jc. M. Willard
W. Cushing, rg.....	rg. A. Crowley
	E. Rowe
D. Newman, lg.....	lg. P. Johnson
S. Young, rf.....	rf. C. McDonald
	A. MacLellan
E. Myers, lf.....	lf. F. Stone

edged that the call of the canvas would stir him to competitive spirit and he would personally engage one of Bucksport's heavyweights. John Adams, prexy to the freshmen, is another bone-crusher in the over-175 pound division, and seems good to get a chance.

Other wrestlers who will probably get an opportunity to wrestle their wares are: Lorrimer Graves, 135 pound; Edward Hanson, John DeWitt, Ralph Copeland, 145 pound; Arthur Otis, George Soule, Donald Boone, 155 pound; Preston Whitaker, Richard Captain, 165 pound.

Richard Adams '36 spent the week-end at his home in Wellesley Hills, Mass.

# People know it..

## Chesterfields are Milder

WHEN you ask a Chesterfield smoker why that's his brand — he generally comes right out flat-footed and says... "It's because *They're Milder!*"

So we're going to keep on doing everything we know how to keep them that way.

That's why we look for and buy the mildest and ripest tobaccos we can get. That's why we age them in our warehouses till they're mellow and sweet.

We believe that even the shredding of the tobacco... and the quality of the paper it's rolled in, have a lot to do with the even-drawing, mild smoke that people enjoy in Chesterfields.

You can bank on this... every method known to science is used to make Chesterfield a milder, better-tasting cigarette that satisfies.

Chesterfield Radio Program—Every night except Sunday, Columbia coast-to-coast Network.

THEY'RE Milder—  
THEY TASTE BETTER
